

CASIO

# Calculator Buying Guide

It can be confusing trying to decide which calculator your child needs for school. This guide has some helpful pointers on what to look for, to help you buy the right calculator and give your child the best opportunity for success in their GCSE exams.

43% of GCSE teachers surveyed in England & Wales experience difficulties when teaching with a class of mixed calculators. This is mainly due to missing functionality, or buttons/menus working differently.

88% of UK Teachers Recommend a Casio Scientific Calculator
